St. Louis Augt 29th 1856.

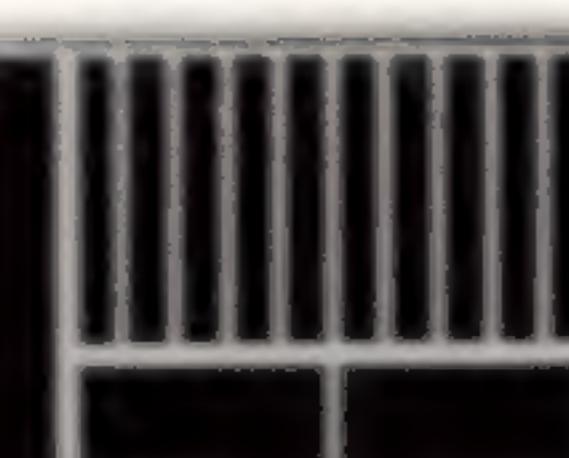

Dr. G. Engelmann

Cambridge Brass-

Dear Sir; The bill which you forwarded to Washington for me, was returned to me yesterday by letter, signed John H. Clark, Asst. W.S.B.C. His letter also contained a bill made out a little different from the one you sent on, with a request for me to sign the same and forward the plate, stating that a check would then be sent to me for the amount. He also requested me to address Lieut N. Michler Top. Engg<sup>n</sup> W.A.A. accordingly, I signed the bill and sent the plate by Chpress, directed to Lieut. Michler care of Major Emory

I hope the matter has been properly attended to on my part.

Very Respectfully  
R. Connor.

Dear Mr I send you this impression according to your direction, (in its first stage,) in two or three days will send you another.

We will have to work 6 or 8 days on this plate but will call on Mr Rutter before proceeding, who I expect to direct corrections in your absence

Please state by letter, the parts you wish altered, Mr Rutter may overlook some minute parts.

I wait your answer but will proceed with the plate under Mr Rutter's directions

Yours Respectfully  
R. Connor.

St. Louis Nov. 21<sup>st</sup> 1856.

Dear Sir.

I received yours of Nov. 12<sup>th</sup> on the 19<sup>th</sup>. I call at Mr. Ritter's he whas not at home,

I have seen him to day he promised to call on me tomorrow, and explain the corrections you wished.

Your first letter whas the cause of me sending the first proof to Washington City, not getting it ready before the first of October I expected you would be in Washington before my letter could arive.

After writing I concluded it would be better before proceeding with the plate, to wait until I hear from you.

I send you this proof and will send you another after making the corrections you suggest through Mr. Ritter,

For reference to the price I am sorry I cannot conforne to their estimate, for if the prints are to be done as you wish them, I cannot do them for less then I stated to you, in St. Louis.

If there whas as much work on the rest as there whas on this, \$200.00, woul not be more than a fair price, I have tried hard
